City Council Staff Report

Author: Jeremy D. Lapin, P.E., City Engineer

Subject: Transfer of Right-of Way to UDOT

Date: July 27, 2020

Type of Item: ROW Transaction

Description:

A. Topic:

This item is for the approval of a Right-of-Way transfer with the Utah Department of Transportation (UDOT) to convey approximately 0.3 acres of property (12,879 sf) located on the West side of the intersection of Market Street and Redwood Road.

B. Background:

In order to complete the installation of a signal at the intersection of Market Street and Redwood Road UDOT needs to acquire sufficient ROW to install the signal and appurtenant items. One area that is needed by UDOT is the portion of the existing Market Street ROW that abuts Redwood Road on the west side.

C. Analysis:

To facilitate the construction of the Market Street/Redwood Road signal, it is necessary to transfer 12,879 sf of ROW from Saratoga Springs to UDOT. The property will remain public ROW, is required by UDOT to complete the signal installation and therefore it is in the City's best interest to transfer the property to UDOT in good faith and for adequate and fair consideration.

Staff recommends a valuation of the property at \$8.50 per SF based upon a broker's price opinion provided by Davenport Consulting which has been included. Based upon documentation provided by UDOT, also included, the value of the signal being installed is \$240,045.35 which includes a \$132,890 cost in construction (contractor supplied equipment and labor) as well as \$107,155.35 in state furnished materials and infrastructure for the signal.

D. Legal Requirements:

In order to transfer the property, the must be in the public interest (UCA 10-8-2(1)(a)(iii)) and be "in good faith and for adequate consideration." *Salt Lake County Commission v. Salt Lake County Attorney*, 985 P.2d 899, 909 (1999). In determining whether adequate consideration is given, the City must make findings as to what the benefit is in present market terms and what the benefits are of the property transaction. *Id.*

E. Proposed Findings:

- 1) The property transaction is in good faith because the small portion of property is currently public ROW and will continue to be public ROW under UDOT's ownership and the City will be transferring the property for fair market value.
- 2) The City is receiving fair market value for the property. A recent broker's analysis of similarly-situated property within the same zone in the relatively same area was at \$8.50 per square foot. At 12,879 sf for a total valuation of \$109,471.50. The City is receiving a signal from UDOT valued at approximately \$240,045.35 and is therefore receiving fair market value.

Recommendation:

Staff recommends that the City Council approve the transfer of the subject property to UDOT in exchange for the installation of a signal at the intersection of Redwood Road and market Street.

Broker's price opinion
for the City of Saratoga Springs
1140 North Redwood Road
Parcel # 66:741:0005 2.6 acres

Dear City of Saratoga Springs,

Please find the attached comparable sales data for your property located at 1140 North Redwood Road, parcel number 66:741:0005.

As a broker, I would normally like to find several similar comparable parcels that have closed transactions to give an opinion. I was able to find 2 comparable sales that are similar in size, location and zoning. It would be ideal to have additional sales data, however I believe there is sufficient data and knowledge of the market to make create a broker's price opinion.

The subject property is similar in location, zoning and size to MLS number 1589763 which sold for \$8.48 approximately 13 months ago. The market has remained strong since this transaction. MLS number 1589763 is smaller than your property at 1140 N. Redwood Road which would typically yield a higher sales price per square foot than your property. However, with the strong market, my opinion is that your property would sale for about \$8.50 / sf if it were listed today. It may actually sale for higher with the knowledge that Costco is coming to the area. However if you had the property appraised, the appraiser would place heavy emphasis on sold data rather than speculation.

I would suggest that you consider approximately \$8.50 / sf as the current market value.

Let me know if you have additional sales data that you would like me to consider or if you have any questions or concerns.

Thank you,

Brandi Davenport

76,666 sf Sold for \$8.48 / sf

Best comparable. 1 year ago. Regular shape. Close to subject. Smaller parcel could yield higher per square foot sales price, however it is 1 year old and the market has remained strong.

Remarks: Best corner property in one of the fastest growing areas in Utah! Mixed zoning makes this an amazing commercial/retail/residential property! A stop light and road going east are in the master plans making this a hard corner. Close to Edge Homes, DR Horton and Ivory homes. Minutes away from the Silicon Slopes and the freeway! This place is booming! Two parcels are included: 58:023:0120 58:023:0118

Dear Mark Christensen:

The Utah Department of Transportation (UDOT) has prepared an offer to purchase your property, which is located at 1140 North Redwood Road, Saratoga Springs, UT 84045 and has assigned parcel number(s) 100 to help identify your property during this process. The property has been valued using standard valuation methods. Based on those methods, UDOT hereby makes an offer to purchase your property for \$.00.

Although this letter is provided as part of an attempt to negotiate with you for the sale of your property or an interest in your property without using the power of eminent domain, UDOT may use that power if it is not able to acquire the property by negotiation. Because of that potential, the person negotiating on behalf of UDOT is required to provide the following disclosures to you:

- * You are entitled to receive just compensation for your property.
- * You are entitled to an opportunity to negotiate with UDOT over the amount of just compensation before any legal action will be filed.
- * You are entitled to an explanation of how the compensation offered for your property was calculated.
- * If an appraiser is asked to value your property, you are entitled to accompany the appraiser during an inspection of the property.
- * You are entitled to discuss this case with the attorneys at the Office of the Property Rights Ombudsman. The office may be reached at 801-530-6391, or at Heber M. Wells Building, 160 East 300 South, Salt Lake City, UT, 84111.
 - * The Office of the Property Rights Ombudsman is a neutral state office staffed by attorneys experienced in eminent domain. Their purpose is to assist citizens in understanding and protecting their property rights. You are entitled to ask questions and request an explanation of your legal options.
- * If you have a dispute with UDOT over the amount of just compensation due to you, you are entitled to request free mediation or arbitration of the dispute from the Office of the Property Rights Ombudsman. As part of mediation or arbitration, you are entitled to request a free independent valuation of the property.
- * Oral representations or promises made during the negotiation process are not binding upon the entity seeking to acquire the property by eminent domain.

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
SARATOGA SPRINGS, UTAH APPROVING THE SALE OF
CERTAIN REAL PROPERTY**

WHEREAS, the City of Saratoga Springs, Utah (“City”) wishes to transfer the ownership of certain real property described in Exhibit A (“Property”) to the Utah Department of Transportation (“UDOT”), which property is owned by the City and will be used by UDOT for the Redwood Road traffic light project (“Road Project”); and

WHEREAS, the City wishes to transfer ownership of the Property to UDOT so that UDOT may complete the Road Project, which is deemed by the City Council to be public purposes akin to the public purposes for which the Property was initially acquired by the City; and

WHEREAS, the City is authorized to dispose of real property according to the procedures in Utah Code § 10-8-2(4) (“state law”); and

WHEREAS, the City is authorized to dispose of non-significant real property interests without 14 days’ advance notice of the disposition or a public hearing according to the procedures in the City’s Municipal Code 2.08 (“city code”); and

WHEREAS, transfer of ownership of the Property to a public entity, UDOT, will be in the public interest, in good faith, for adequate consideration, and the transfer will further the public purposes for which the Property was initially acquired by the City.

WHEREAS, the City and UDOT have agreed to terms and conditions creating a restrictive covenant on the real property, restricting the use of the real property transferred to UDOT for public purposes only.

WHEREAS, UDOT irrevocably covenants with the City that there be and hereby is created the following restrictions on the use and enjoyment of said subject property, to be attached to and become part of the deed to the property. UDOT for itself, its heirs, assigns, and successors in interest, covenants and agrees that:

The real property shall forever be used by UDOT, its assigns, and successors in interest for a public purpose/public use, and at all times shall be used for the benefit of the public. If the public purpose/public use of the real property ever ceases, or if the real property ceases to be used for public purposes, for any reason, the real property shall automatically revert back to the City.

WHEREAS, it is intended that this deed restriction is irrevocable and shall constitute an enforceable restriction running with the land, and shall bind all UDOT’s assignees or successors in interest.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Saratoga Springs, Utah that the transfer of ownership of the Property is approved for the reasons listed above. Such transfer shall be done by recordation of a quit claim deed approved by the City Attorney and signed by the City Manager. This Resolution shall take effect immediately upon passage.
