

June 5th 2010

Utah Valley Aeromodelers open house and fly in *And Saratoga Splash ...*

June 05, 2010

We are welcoming the public to share a day of fun, excitement, and learning. Join us at our Lehi flying field for flight demonstrations at every level. We will have club pilots and trainer planes available for some members of the public to try flying an RC plane.

There will be a concession stand offering soda, water, powerade, candy, hamburgers, hotdogs, and chips. Some of our local hobby stores will be joining our open house to answer questions and will also have a few RC items you can purchase. Because of limited seating we ask spectators to feel free to bring along your lawn and picnic chairs and enjoy the show in comfort.

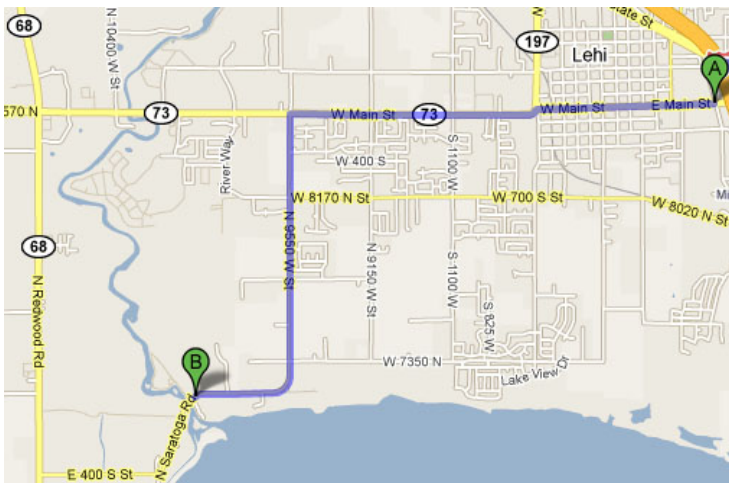

Pilots please come out and join in the show. A current AMA membership is required to fly. We encourage pilots to bring out your airplanes and place them on display for spectators. Display aircraft will be roped off in effort to prevent accidental damage.

Directions to the field

1. Exit Lehi Main st, head west to round about
2. Continue west through round about
3. Head south on Saratoga Rd. (9550 west)
4. Follow Saratoga Rd as it turns west
5. Road will turn south, the entrance will be on the west side just before Jordan River bridge. (Look for UVA sign)

Intro flights will be offered during events and also after 1 pm. Please feel free to stick around and fly
