Books will be available for purchase at the event. A portion of all book sales will be donated to the Library.

An admitted eccentric, Lance Conrad describes himself as a "Cowboy-Mad Scientist-Philosopher-Chef." His hobbies include making lasers, blacksmithing, and playing with thermite. While he has traveled far and wide, he considers the mountains of Utah his one true home.

Lance currently has one book published, with two more set to come out during 2014. His passion for writing comes from a sincere belief that the books we read shape our lives as we struggle on with our favorite characters.
